## URM SH 48S

**FIBER OPTIC BOXES****GPON** READY**5G** READY

The URM SH 48S optical distribution box is designed for the placement of 48 optical splices indoor and outdoor. The distribution box may be complemented by a bracket, which enables it to be post-mounted.

- ▶ Maximum capacity is 48 optical splices
- ▶ Integrated fibre management + 4× KM3 splice tray for the placement of optical splices
- ▶ Possibility of PLC splitter placement
- ▶ Fixation of input/output cables
- ▶ 4× PG bushing for input/output cables
- ▶ Use only for fibers G657 a, b
- ▶ Lockable door

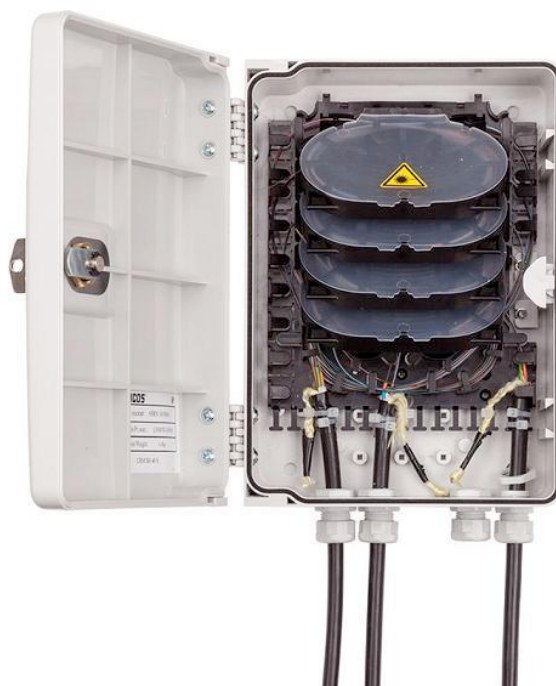

### TECHNICAL SPECIFICATIONS

|                                             |                     |
|---------------------------------------------|---------------------|
| Inputs / Outputs (quantity × range)         | 4× 5–8.5 mm         |
| Grommets (type and number of used grommets) | 4× PG9              |
| Ingress Protection                          | IP54                |
| Impact Protection                           | IK10                |
| UV Resistance                               | yes                 |
| Flammability Degree                         | V0                  |
| Temperature Range                           | –40 °C / +70 °C     |
| Material                                    | PC / ABS            |
| Color                                       | light gray RAL 7035 |
| Dimensions (H × W × D)                      | 216 × 154 × 90 mm   |
| Weight                                      | 1.1 kg              |
