With its minimalist and unobtrusive design, ENZO is an impressive solution that skilfully sets the scene for your interior design. Pendant lights are ideal for optimally illuminating specific areas. Whether in the kitchen or in the living area, the modern lamp is versatile and can be easily combined with various interior design styles. The round pendant light works wonderfully over a round dining table or you can place several lights in a line over an elongated dining table or kitchen counter. The pendant lamp is designed in matt black and stylishly complements modern colour schemes. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
