The four-flame bar in the NARCOS series stands out in particular thanks to the conical design of the spotlights! This reflects timeless elegance and modernity at the same time. The light cuts a fine figure in the living room or bedroom as well as in the hallway or dining area. The light arms can be swivelled and can therefore be adjusted to suit your requirements. It has a width of 45 cm, a height of 16 cm and a depth of 7.5 cm. The matt white colour scheme emphasises the design of the light and invites integration into a modern furnishing style. But combining it with other colours is no challenge either. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
