The KAZAN floor lamp is a timeless classic. The simple shape and selected colour scheme create a stylish appearance, allowing the luminaire to be wonderfully integrated into selected application areas. The swivelling light arm allows the light beam to be individually aligned and the brightness can be adjusted to suit your needs using an integrated dimmer. Ideally, KAZAN should be placed next to the sofa, as the swivelling arm with a projection of approx. 45 cm makes the luminaire ideal as a reading light. In matt nickel, the KAZAN perfectly rounds off the classic yet modern appearance. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
