

T225BK

Product number: T225BK
Electrical number: 4607998

Tehomet conical arms

Dimensioning of products: standard SFS-EN 40-3-3

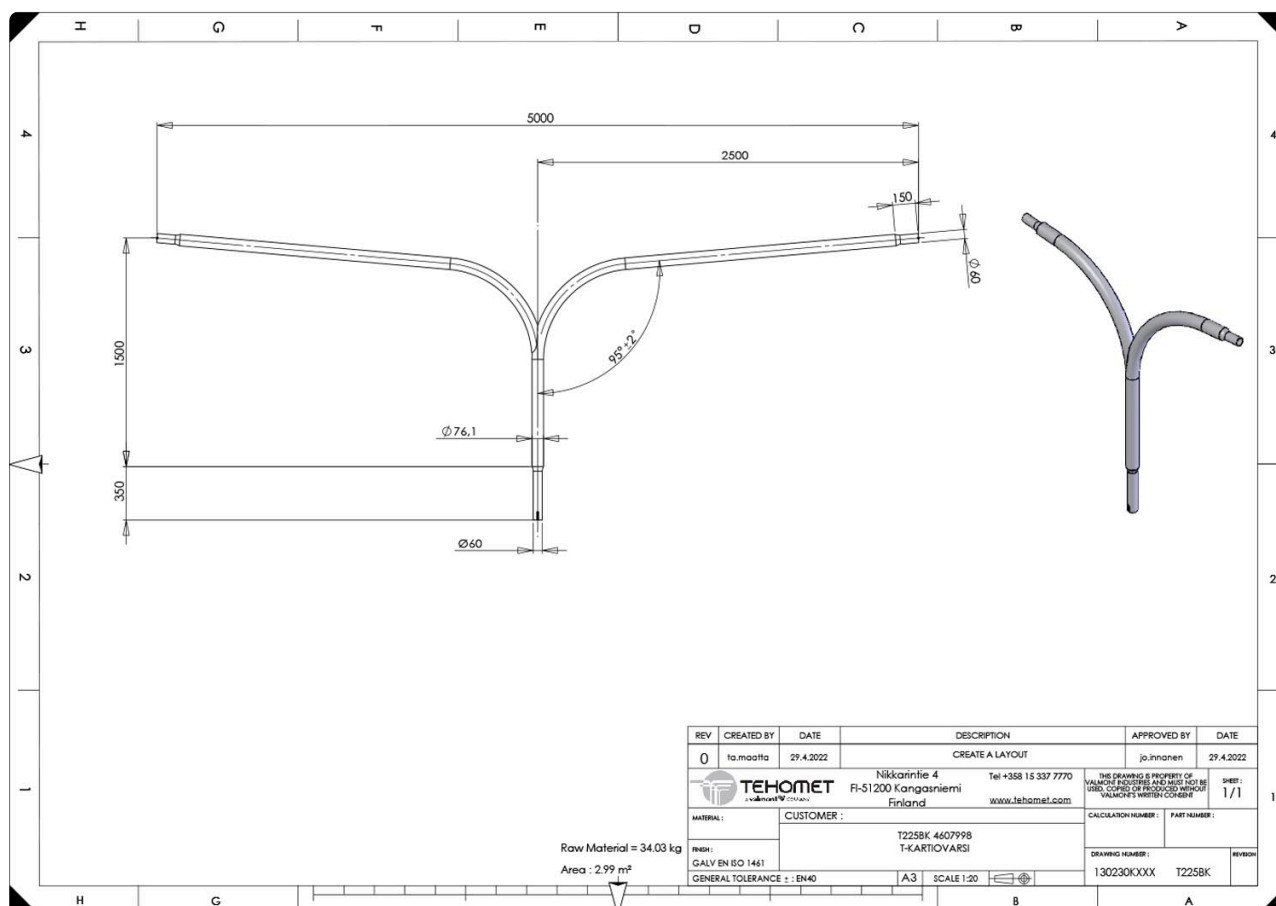

Manufacture of products: standard SFS-EN 40-5

Raw material: low-silicon steel ($\text{Si} + \text{P} \leq 0.04\%$)

Galvanizing: international standard SFS-EN ISO 1461, layer thickness typically $<90 \mu\text{m}$.

Luminaire fitting for conical poles: diameter 60 mm and length 100 mm.

Arm mounting: There are two sets of screws with a $3 \times 120^\circ$ pitch at the end of the pole (not straight conical poles) for easy and reliable attachment of the arm.

Weight (kg)	38
Material	steel
Pole shape	conical
Lighting height (m)	–
Shaft top diameter (mm)	76
Arm/cross arm type	two-armed
Arm outreach/cross arm width (mm)	2500
Arm diameter (mm)	76
Spigot diameter (mm)	60
