

# CERTIFICATE

NO 11052022

Description
<b>Flexible metal conduit</b> (10x13; 12x15; 15x18)
Ref standard: EN 61386-1:2008

This part of IEC 61386 specifies requirements and tests for conduit systems, including conduits and conduit fittings, for the protection and management of insulated conductors and/or cables in electrical installations or in communication systems up to 1 000 V a.c. and/or 1 500 V d.c. This standard applies to metallic, non-metallic and composite conduit systems, including threaded and non-threaded entries which terminate the system.

ScandicTex hereby certifies that the conduits supplied against this certificate comply with the above specification and are in accordance with standards and requirements.
